

WASSAIL Number	Question	ACRL Performance Indicator	ACRL Frame
3850	<p>You have to write a research paper on the broad topic of stress and post-secondary students. You want to narrow that topic down to the relationship between stress and academic performance. The research question that best reflects this narrowed focus is:</p> <p>a. How does stress affect students' experience of post-secondary education? b. How is the academic performance of post-secondary students affected by stress? c. What factors determine the academic performance of post-secondary students? d. I do not know</p>	1.1 (Defines and articulates the need for information)	Research as Inquiry
3853	<p>You have been assigned a paper on an oppressed population in Canada. You have decided to focus on systemic racism toward aboriginal peoples. What group of key concepts best describes this particular topic?</p> <p>a. aboriginal, Canada, racism b. aboriginal, causes, racism c. aboriginal, oppression, population d. I do not know</p>	1.1 (Defines and articulates the need for information)	Research as Inquiry; Searching as Strategic Exploration
4224	<p>You have been assigned a paper on an oppressed population in the United States. You have decided to focus on systemic racism toward native peoples. What group of key concepts best describes this particular topic?</p> <p>a. native, causes, racism b. native, oppression, population c. native, United States, racism d. I do not know</p>	1.1 (Defines and articulates the need for information)	Research as Inquiry; Searching as Strategic Exploration
3854	<p>You have been assigned a paper on climate change mitigation methods in North America. You have decided to focus on the use of nuclear power as a possible alternative energy source in Canada. What group of key concepts best describes this particular topic?</p> <p>a. Canada, climate change, nuclear power b. climate change, limitations, nuclear power c. effects, limitations, nuclear power d. I do not know</p>	1.1 (Defines and articulates the need for information)	Research as Inquiry; Searching as Strategic Exploration
4225	<p>You have been assigned a paper on climate change mitigation methods in North America. You have decided to focus on the use of nuclear power as a possible alternative energy source in the United States. What group of key concepts best describes this particular topic?</p> <p>a. climate change, limitations, nuclear power b. effects, limitations, nuclear power c. United States, climate change, nuclear power d. I do not know</p>	1.1 (Defines and articulates the need for information)	Research as Inquiry; Searching as Strategic Exploration
4299	<p>Your professor asked you to find a book written by John White about organic farming. She cannot remember the year it was written. What researchable information do you already have to work with?*</p> <p>a. Author and some keywords b. Author only c. Author, title, and some keywords d. I do not know</p>	1.1 (Defines and articulates the need for information)	Searching as Strategic Exploration

WASSAIL Number	Question	ACRL Performance Indicator	ACRL Frame
3961	You need to find information on what happened in Parliament last week. The best source for this type of information is: a. Academic journal b. Course textbook c. News magazine d. I do not know	1.2 (Identifies a variety of types and formats of potential sources of information)	Information Creation as a Process; Scholarship as Conversation
4226	You need to find information on what happened in Congress last week. The best source for this type of information is: a. Academic journal b. Course textbook c. News magazine d. I do not know	1.2 (Identifies a variety of types and formats of potential sources of information)	Information Creation as a Process; Scholarship as Conversation
4050	Your instructor requires you to use scholarly sources for your research paper in psychology. Which one of these is a scholarly journal article? a. Jones, L., McChar, D., & Thomas, T.E. (2003). Strategies for interventions with deceptive children. Newsletter of the Alberta Association of Psychologists, 61(2), 3. b. Lee, J., & Anderson, N. (2011). Assessment of deception in children. Journal of Applied Cognitive Psychology, 25(1), 135-145. c. Smith, T. (2010). Recent studies of parents' perceptions of deceptive children. Psychology Today, 43(5), 13-16. d. I do not know	1.2 (Identifies a variety of types and formats of potential sources of information)	Authority is Constructed and Contextual; Scholarship as Conversation
4227	Your instructor requires you to use scholarly sources for your research paper in psychology. Which one of these is a scholarly journal article? a. Jones, L., McChar, D., & Thomas, T.E. (2003). Strategies for interventions with deceptive children. Newsletter of the Montana Association of Psychologists, 61(2), 3. b. Lee, J., & Anderson, N. (2011). Assessment of deception in children. Journal of Applied Cognitive Psychology, 25(1), 135-145. c. Smith, T. (2010). Recent studies of parents' perceptions of deceptive children. Psychology Today, 43(5), 13-16. d. I do not know	1.2 (Identifies a variety of types and formats of potential sources of information)	Authority is Constructed and Contextual; Scholarship as Conversation
3861	Generally speaking, which of the following sources would NOT be an appropriate source for a first-year psychology paper on learning and memory? a. Fitzgerald, L.D., & Walker, A. (2005). Learning. In N. Salkind (Ed.), Encyclopedia of human development (pp. 781-787). Thousand Oaks, CA: Sage. b. Klingberg, T. (2013). The learning brain: Memory and brain development in children. Oxford: Oxford University Press. c. Learning and memory. (2012). Retrieved September 6, 2013 from http://www.brainfacts.org/sensing-thinking-behaving/learning-and-memory/ d. I do not know	1.2 (Identifies a variety of types and formats of potential sources of information)	Authority is Constructed and Contextual
3863	Which of the following items is NOT a secondary source? a. A work of literature such as To Kill a Mockingbird b. Books about To Kill a Mockingbird c. Dissertations about To Kill a Mockingbird d. I do not know	1.2 (Identifies a variety of types and formats of potential sources of information)	Information Creation as a Process; Scholarship as Conversation

WASSAIL Number	Question	ACRL Performance Indicator	ACRL Frame
4051	Which of the following examples is NOT a secondary source? a. Books about the Cuban Missile Crisis b. Journal articles about the Cuban Missile Crisis c. Newspaper reports written during the Cuban Missile Crisis d. I do not know	1.2 (Identifies a variety of types and formats of potential sources of information)	Information Creation as a Process; Scholarship as Conversation
4228	Which of the following choices is NOT a secondary source? a. A book summarizing current thinking about climate change b. A journal article reporting the results of a new study on climate change c. A report stating the government's position on climate change d. I do not know	1.2 (Identifies a variety of types and formats of potential sources of information)	Information Creation as a Process; Scholarship as Conversation
3963	Which of the following is a characteristic of a scholarly article? a. Contains a relevant list of references b. Is written by a journalist c. Provides a professor's opinion about a controversial event d. I do not know	1.2 (Identifies a variety of types and formats of potential sources of information)	Authority is Constructed and Contextual; Information Creation as a Process
3865	Which of the following is NOT a characteristic of scholarly journals? a. Contain short articles written by journalists b. Often published only a few times a year c. Written for a knowledgeable audience d. I do not know	1.2 (Identifies a variety of types and formats of potential sources of information)	Authority is Constructed and Contextual; Information Creation as a Process
3876	Generally speaking, the best place to find a scholarly article is: a. A library database b. The library catalogue c. The college/university archives d. I do not know	2.1 (Selects the most appropriate investigative methods or information retrieval systems for accessing the needed information)	Searching as Strategic Exploration
3877	The most efficient way to search for reliable articles for your research paper is to: a. Go to the periodical stacks and look through the magazines and journals b. Search for articles in web search engines c. Search for citations in library databases d. I do not know	2.1 (Selects the most appropriate investigative methods or information retrieval systems for accessing the needed information)	Searching as Strategic Exploration
3878	What is the purpose of the Subject Headings found in library database records? a. They allow librarians to keep track of how many articles the library has on a topic b. They are tags added by database users so that they can find the articles again in future searches c. They make it easier for people to find other articles on the same topic by using a standardized way to describe what the article is about d. I do not know	2.1 (Selects the most appropriate investigative methods or information retrieval systems for accessing the needed information)	Searching as Strategic Exploration
3966	When searching a specialized database for articles on your topic, it is recommended to use the terminology specific to the database. Which parts of the database record are good sources for terms to use in your search? a. Author affiliations, journal title b. Document type, title c. Subject headings, abstract d. I do not know	2.1 (Selects the most appropriate investigative methods or information retrieval systems for accessing the needed information)	Searching as Strategic Exploration

WASSAIL Number	Question	ACRL Performance Indicator	ACRL Frame
4053	You have to find articles on childhood vaccination and its connections to autism. To make sure you don't miss any relevant information, the best set of keywords to use in your search would be: a. childhood, vaccination, youth, health b. autism, childhood, shots, causes c. childhood, vaccination, immunization, autism d. I do not know	2.2 (Constructs and implements effectively-designed search strategies)	Searching as Strategic Exploration
3880	You are using a psychology database to find information on the effect of family relations on teen dating violence. Which combination of keywords will you use in your search? a. effect, family relations, dating violence b. effect, family relations, dating violence, teens c. family relations, dating violence, teens d. I do not know	2.2 (Constructs and implements effectively-designed search strategies)	Searching as Strategic Exploration
3882	Which of the following searches would give you the least number of results? a. Canada AND history b. Canada AND history AND women c. Canada OR history d. I do not know	2.2 (Constructs and implements effectively-designed search strategies)	Searching as Strategic Exploration
4229	Which of the following searches would give you the fewest results? a. America AND history b. America AND history AND women c. America OR history d. I do not know	2.2 (Constructs and implements effectively-designed search strategies)	Searching as Strategic Exploration
3883	You've been asked to research the question "Should schools use corporate sponsorship as a funding source?" Which of the following searches would give you the most specific results for your topic? a. Schools AND funding b. Schools AND "corporate sponsorship" AND funding c. Schools OR "corporate sponsorship" OR funding d. I do not know	2.2 (Constructs and implements effectively-designed search strategies)	Searching as Strategic Exploration
3884	You've been asked to research the question "Should nuclear power be used as an alternative energy source to help mitigate the effects of climate change?" Which of the following searches would give you the most specific results for your topic? a. Nuclear power AND climate change b. "Nuclear power" AND "climate change" AND mitigation c. "Nuclear power" OR "climate change" OR mitigation d. I do not know	2.2 (Constructs and implements effectively-designed search strategies)	Searching as Strategic Exploration
4054	Which of the following sets of search terms would give you the least number of results? a. election AND fraud b. election AND fraud AND Egypt c. election OR fraud d. I do not know	2.2 (Constructs and implements effectively-designed search strategies)	Searching as Strategic Exploration
3885	When searching in a library database, what words would "stress*" find, in addition to "stress"? a. distressed, distressful, stressful b. stressed, stressing, stress-related c. tension, pressure, strain d. I do not know	2.2 (Constructs and implements effectively-designed search strategies)	Searching as Strategic Exploration

WASSAIL Number	Question	ACRL Performance Indicator	ACRL Frame
4055	When using Google to search for information, how can you make sure you retrieve only government websites? a. Use "government" as one of the search terms b. Use the advanced search options to filter your results by file type c. Use the site: operator to search a specific domain or site d. I do not know	2.2 (Constructs and implements effectively-designed search strategies)	Searching as Strategic Exploration
4056	Your research question is "How have recent natural disasters in the Philippines affected the mortality rate of infants?" You enter this phrase into an article database and get zero results. Why? a. The library does not have any articles on this topic b. This type of information is unavailable to researchers outside the Philippines c. The question hasn't been broken down into searchable keywords that the database can process d. I do not know	2.2 (Constructs and implements effectively-designed search strategies)	Searching as Strategic Exploration
3891	To physically locate a book on the shelf, you will need the: a. Barcode number b. Call number c. International Standard Book Number (ISBN) d. I do not know	2.3 (Retrieves information online or in person using a variety of methods)	Searching as Strategic Exploration
4057	How are call numbers organized in the library? a. By author b. By subject c. By title d. I do not know	2.3 (Retrieves information online or in person using a variety of methods)	Searching as Strategic Exploration
4058	Databases allow you to search for specific pieces of information in certain fields of the database record, so that you don't have to rely on a general keyword search. By choosing to search for Margaret Atwood in the author field in a database, you will find: a. Books or articles written about Margaret Atwood b. Books or articles written by Margaret Atwood c. Books or articles written by and/or about Margaret Atwood d. I do not know	2.3 (Retrieves information online or in person using a variety of methods)	Searching as Strategic Exploration
4230	Databases allow you to search for specific pieces of information in certain fields of the database record, so that you don't have to rely on a general keyword search. By choosing to search for Toni Morrison in the author field in a database, you will find: a. Books or articles written about Toni Morrison b. Books or articles written by Toni Morrison c. Books or articles written by and/or about Toni Morrison d. I do not know	2.3 (Retrieves information online or in person using a variety of methods)	Searching as Strategic Exploration
3894	You are searching for articles on gender discrimination in the workplace. You searched a library database using the keywords gender, discrimination, and workplace, but got too many results. How would you refine your keywords to get fewer results? a. Use broader terms for workplace b. Use narrower terms for discrimination c. Use synonyms for gender d. I do not know	2.4 (Refines the search strategy if necessary)	Searching as Strategic Exploration

WASSAIL Number	Question	ACRL Performance Indicator	ACRL Frame
4059	You are doing research on the history of filmmaking. You searched for the term "moving picture" in the library catalogue and no results were found. What is the most likely reason for this? a. The search should have been limited to videos b. The library does not have any books on this topic c. "Moving picture" is not the best search term d. I do not know	2.4 (Refines the search strategy if necessary)	Searching as Strategic Exploration
3971	You are searching in a database for articles on feminism, but you are getting too many results and most of them don't look relevant. Generally speaking, what will happen if you use a narrower term for feminism? a. You'll get fewer articles, more of them on topic b. You'll get more articles, fewer of them on topic c. You'll get the same number of articles d. I do not know	2.4 (Refines the search strategy if necessary)	Searching as Strategic Exploration
4231	You are searching in a database for articles on pollution, but you are getting too many results and most of them don't look relevant. Generally speaking, what will happen if you use a narrower term for pollution? a. You'll get fewer articles, more of them on topic b. You'll get more articles, fewer of them on topic c. You'll get the same number of articles d. I do not know	2.4 (Refines the search strategy if necessary)	Searching as Strategic Exploration
3897	You've been given the following APA citation: Profen, I. B. (2004). The impact of alcohol on university students' ability to concentrate during exams. <i>College Students</i> , 38 (3), 30-45. doi:10.1037/0735-7044.121.1.21 What are you looking for? a. A book chapter b. A journal article c. A magazine article d. I do not know	2.5 (Extracts, records, and manages the information and its sources)	Scholarship as Conversation
4301	You've been given the following MLA citation: Profen, Ian B. "The Impact of Alcohol on University Students' Ability to Concentrate During Exams." <i>College Students</i> , vol. 38, no. 3, 2004, pp. 30-45. What are you looking for? a. A book chapter b. A journal article c. A magazine article d. I do not know	2.5 (Extracts, records, and manages the information and its sources)	Scholarship as Conversation
3899	You've been given the following Chicago citation (16th edition): Profen, Ian B. "The Impact of Alcohol on University Students' Ability to Concentrate During Exams." <i>College Students</i> 38, no. 3 (2004): 30-45. doi: 10.1037/0735-7044.121.1.21. What are you looking for? a. A book chapter b. A journal article c. A magazine article d. I do not know	2.5 (Extracts, records, and manages the information and its sources)	Scholarship as Conversation

WASSAIL Number	Question	ACRL Performance Indicator	ACRL Frame
4371	<p>You've been given the following Chicago Notes-Bibliography citation (17th edition): Profen, Ian B. "The Impact of Alcohol on University Students' Ability to Concentrate during Exams." <i>College Students</i> 38, no. 3 (2004): 30-45. https://doi.org/10.1037/0735-7044.121.1.21. What are you looking for? a. A book chapter b. A journal article c. A magazine article d. I do not know</p>	2.5 (Extracts, records, and manages the information and its sources)	Scholarship as Conversation
4372	<p>You've been given the following Chicago Author-Date citation (17th edition): Profen, Ian B. 2004. "The Impact of Alcohol on University Students' Ability to Concentrate during Exams." <i>College Students</i> 38 (3): 30-45. https://doi.org/10.1037/0735-7044.121.1.21. What are you looking for? a. A book chapter b. A journal article c. A magazine article d. I do not know</p>	2.5 (Extracts, records, and manages the information and its sources)	Scholarship as Conversation
3900	<p>You've been given the following ASA citation: Profen, Ian B. 2004. "The Impact of Alcohol on University Students' Ability to Concentrate During Exams." <i>College Students</i> 38(3):30-45. What are you looking for? a. A book chapter b. A journal article c. A magazine article d. I do not know</p>	2.5 (Extracts, records, and manages the information and its sources)	Scholarship as Conversation
4302	<p>You've been given the following CSE citation: Profen IB. 2004. The impact of alcohol on university students' ability to concentrate during exams. <i>Coll Stu.</i> 38(3):30-45. What are you looking for? a. A book chapter b. A journal article c. A magazine article d. I do not know</p>	2.5 (Extracts, records, and manages the information and its sources)	Scholarship as Conversation
4373	<p>You've been given the following ACS citation: Profen, I. B. The Impact of Alcohol on University Students' Ability to Concentrate during Exams. <i>Coll. Stu.</i> 2004, 38 (3), 30-45. What are you looking for? a. A book chapter b. A journal article c. A magazine article d. I do not know</p>	2.5 (Extracts, records, and manages the information and its sources)	Scholarship as Conversation

WASSAIL Number	Question	ACRL Performance Indicator	ACRL Frame
4232	<p>Read the following excerpt from a news article. Which of the citations below likely refers to the research study mentioned in the news article?</p> <p>“A new study, published recently in the journal <i>Clinical Oncology</i>, suggests a critical breakthrough has been made in leukemia treatment for infants. New York Times reporter Kate Jones spoke to the study’s co-investigator, Harold Jenkins, about the significance of the study’s findings.”</p> <p>a. Jenkins, H. (2013). The role of immunomodulatory agents in the treatment of infants with acute lymphoblastic leukemia. <i>Clinical Oncology</i>, 6 (2), 35-48.</p> <p>b. Jones, K. (2013, June 6). Researchers find key to treating babies with cancer. <i>New York Times</i>, pp. A1, A7-A8.</p> <p>c. Shah, R. (2013). The role of immunomodulatory agents in the treatment of infants with acute lymphoblastic leukemia. In H. Jenkins (Ed.), <i>Clinical oncology</i> (pp. 35-48). New York: Springer.</p> <p>d. I do not know</p>	2.5 (Extracts, records, and manages the information and its sources)	Scholarship as Conversation
4254	<p>Read the following excerpt from a news article. Which of the citations below likely refers to the research study mentioned in the news article?</p> <p>“A new study, published recently in the journal <i>Clinical Oncology</i>, suggests a critical breakthrough has been made in leukemia treatment for infants. Globe & Mail reporter Kate Jones spoke to the study’s co-investigator, Harold Jenkins, about the significance of the study’s findings.”</p> <p>a. Jenkins, H. (2013). The role of immunomodulatory agents in the treatment of infants with acute lymphoblastic leukemia. <i>Clinical Oncology</i>, 6 (2), 35-48.</p> <p>b. Jones, K. (2013, June 6). The role of immunomodulatory agents in the treatment of infants with acute lymphoblastic leukemia. In H. Jenkins (Ed.), <i>Clinical oncology</i> (pp. 35-48). New York: Springer.</p> <p>d. I do not know</p>	2.5 (Extracts, records, and manages the information and its sources)	Scholarship as Conversation
3903	<p>Which of the following pieces of information do you NOT need for a book citation?</p> <p>a. Date of publication</p> <p>b. International Standard Book Number (ISBN)</p> <p>c. Subtitle</p> <p>d. I do not know</p>	2.5 (Extracts, records, and manages the information and its sources)	Information Has Value
3973	<p>Which of the following pieces of information do you NOT need for a journal article citation?</p> <p>a. Author</p> <p>b. International Standard Serial Number (ISSN)</p> <p>c. Volume number</p> <p>d. I do not know</p>	2.5 (Extracts, records, and manages the information and its sources)	Information Has Value
3908	<p>You are writing a paper about gun violence and you use information from the National Rifle Association (NRA) website. In this case, which of the following website evaluation criteria is most important to consider?</p> <p>a. Accuracy, bias, objectivity</p> <p>b. Accuracy, functionality, relevance</p> <p>c. Accuracy, objectivity, website domain (.com, .org, .edu, .net)</p> <p>d. I do not know</p>	3.2 (Articulates and applies initial criteria for evaluating both the information and its sources)	Authority is Constructed and Contextual
3909	<p>For a paper on drinking and post-secondary students, which of the following would be the best website to find authoritative information on the medical effects of alcohol use?</p> <p>a. Canadian Counselling and Psychotherapy Association - www.ccacc.ca</p> <p>b. Health Canada - www.hc-sc.gc.ca</p> <p>c. Mothers Against Drunk Driving - www.madd.ca</p> <p>d. I do not know</p>	3.2 (Articulates and applies initial criteria for evaluating both the information and its sources)	Authority is Constructed and Contextual

WASSAIL Number	Question	ACRL Performance Indicator	ACRL Frame
4233	For a paper on drinking and post-secondary students, which of the following would be the best source for authoritative information on the medical effects of alcohol use? a. American Mental Health Counselors Association - www.amhca.org b. National Institutes of Health - www.nih.gov c. Mothers Against Drunk Driving - www.madd.org d. I do not know	3.2 (Articulates and applies initial criteria for evaluating both the information and its sources)	Authority is Constructed and Contextual
4060	Your research topic is the effects of burning coal on air quality. Which source would most likely provide you with objective information for your topic? a. An interview with an influential lobbyist on a news program b. A study featured in a peer-reviewed periodical c. The latest annual report from a major automobile manufacturer d. I do not know	3.2 (Articulates and applies initial criteria for evaluating both the information and its sources)	Authority is Constructed and Contextual
3975	What is "peer review"? a. An alternative way of publishing an article without having to submit it to a professional editor b. A process for ensuring that academic articles have been examined by other experts in the field before publication c. A process for guaranteeing that the research described in articles is completely accurate and indisputable d. I do not know	3.2 (Articulates and applies initial criteria for evaluating both the information and its sources)	Authority is Constructed and Contextual
4061	Which of the following is the best piece of information to use in helping you evaluate the quality of a video you find on YouTube? a. Number of views b. Source of the video c. Viewer comments d. I do not know	3.2 (Articulates and applies initial criteria for evaluating both the information and its sources)	Authority is Constructed and Contextual
4062	You're researching a paper on the psychological effects of stress on students and you've found some statistics. Which of the following statistics would be most useful for your topic? a. The percentage of students enrolled at your institution who report drinking alcohol to relieve stress b. The number of students reporting psychological symptoms of stress in a research survey c. The rate of students dropping out after their first year d. I do not know	3.2 (Articulates and applies initial criteria for evaluating both the information and its sources)	Information Creation as a Process; Research as Inquiry
3914	You are researching the effects of bitumen production on water quality in the last fifty years and you have found some statistics. Which of the following statistics would be most useful for your topic? a. The level of lake sediment contamination in bitumen production regions b. The percentage of the caribou population that remain in northern regions c. The rate of cancer diagnoses among oil and gas industry employees exposed to bitumen d. I do not know	3.2 (Articulates and applies initial criteria for evaluating both the information and its sources)	Information Creation as a Process; Research as Inquiry
4063	You are writing an argumentative paper on school uniforms. Which of the following sources would provide the best evidence for your argument that school uniforms prevent bullying in schools? a. A documentary featuring interviews with students in a school where bullying is a problem b. A poll of student opinions on the impact of school uniforms on bullying c. A study comparing disciplinary records and school police data at a school where uniforms are required with a school where they are not required d. I do not know	3.2 (Articulates and applies initial criteria for evaluating both the information and its sources)	Information Creation as a Process; Research as Inquiry

WASSAIL Number	Question	ACRL Performance Indicator	ACRL Frame
4234	<p>You are researching the dramatic decline in honey bee populations since 2007. An article written in 2007 suggests widespread pesticide overuse is responsible for bee population decline. Another article, written in 2012, concludes the proliferation of wireless communication devices and transmission towers to be the cause. In this case, should you:</p> <p>a. Consider that both may have valid conclusions</p> <p>b. Use the 2007 article because pesticide overuse seems like a more likely cause for the decline</p> <p>c. Use the 2012 article because it is more recent research</p> <p>d. I do not know</p>	3.2 (Articulates and applies initial criteria for evaluating both the information and its sources)	Research as Inquiry; Scholarship as Conversation
4235	<p>You are doing research on declared religious affiliation among college students. Your professor suggests you read work by a specific long-standing expert in the area to inform your research. After doing this, you also come across a current scholarly article by a different scholar which contradicts some of the expert's claims. Should you:</p> <p>a. Consider the long-standing expert's work to be outdated and proven incorrect</p> <p>b. Incorporate the current scholarly article into your research along with the long-standing expert's work</p> <p>c. Ignore the current scholarly article because the long-standing expert is an established authority in this area</p> <p>d. I do not know</p>	3.4 (Compares new knowledge with prior knowledge to determine the value added, contradictions, or other unique characteristics of the information)	Authority is Constructed and Contextual; Scholarship as Conversation
3918	<p>Plagiarism is:</p> <p>a. Failing to use the correct citation style when citing your sources</p> <p>b. Including the ideas of another person in your writing without giving them credit</p> <p>c. Using the ideas of another person instead of using your original thoughts</p> <p>d. I do not know</p>	5.2 (Follows laws, regulations, institutional policies, and etiquette related to the access and use of information resources)	Information Has Value
3977	<p>Which of the following means to rewrite the words of an author in your own words?</p> <p>a. Paraphrase</p> <p>b. Plagiarize</p> <p>c. Quote</p> <p>d. I do not know</p>	5.2 (Follows laws, regulations, institutional policies, and etiquette related to the access and use of information resources)	Information Has Value
3978	<p>You are writing a paper on the connection between video game violence and aggression in teens. You are summarizing a journal article in which the author quotes another researcher. Which of the examples below is an acceptable reference to a source referred to in another source?</p> <p>a. A 2008 study by Ferguson found no causal relationship between violence in video games and aggression in individuals (as cited in Stenson, 2010, p. 119).</p> <p>b. A 2008 study concluded that the research "shows no evidence of a causal relationship between violent video game exposure and aggression" (Stenson, 2010, p. 119).</p> <p>c. Ferguson conducted a study on the relationship between violent video games and aggression in individuals, and concluded that the study shows no causal relationship between the two variables (Stenson, 2010, p. 119).</p> <p>d. I do not know</p>	5.3 (Acknowledges the use of information sources in communicating the product or performance)	Information Has Value; Scholarship as Conversation
4249	<p>You are writing a paper on the connection between fossil fuel use and climate change. You are summarizing a journal article in which the author quotes another researcher. Which of the examples below is an acceptable reference to a source referred to in another source?</p> <p>a. A 2010 study by Ferguson found a strong causal relationship between fossil fuel use and climate change (as cited in Stenson, 2012, p. 220).</p> <p>b. A 2010 study concluded that the research "shows strong evidence of a causal relationship between fossil fuel use and climate change" (Stenson, 2012, p. 220).</p> <p>c. Ferguson conducted a study on the relationship between fossil fuel use and climate change, and concluded that the study shows a strong causal relationship between the two variables (Stenson, 2012, p. 220).</p> <p>d. I do not know</p>	5.3 (Acknowledges the use of information sources in communicating the product or performance)	Information Has Value; Scholarship as Conversation
